Changes

Changes you can make to your policy and how to go about making those changes

change policy owner

When your policy is first issued, you are automatically both the policy owner and the insured person*. You can change the owner of your policy to someone else at any time. To change the owner, complete the change of ownership form attached to this policy document. You can also find the change of ownership form on our website.

increase your cover for inflation

Each year on the anniversary of your policy, until the insured person* is 60, we'll automatically increase your cover. This helps your policy keep pace with inflation. We'll base the increase on the CPI* published by Statistics New Zealand in September of each year. We won't increase your cover by more than 5% in any given year.

To stop the next CPI* increase, just tell us in writing before your next policy anniversary. If you stop the CPI* increase for two consecutive years, you will no longer be eligible for any future CPI* increases.

We don't offer the CPI* increase if you have previously claimed (or currently have a claim being processed) under this policy OR if your policy has a loading* applied of more than 125% because of the insured person's* state of health.

increase your cover for a special event

A special event allows you to increase your cover with no further questions asked about the insured person's* state of health. We may request supporting evidence of the special event. You qualify for a special event increase if:

- the insured person* is 59 or younger, and has taken out a mortgage or increased their mortgage within the past three months, or
- if the insured person* has married (including a civil union), divorced or become a parent within the past six months.

You cannot take up a special event increase if:

- you have previously claimed or are eligible to claim under this policy, or
- your policy has a loading* applied of more than 50% because of the insured person's* state of health.

What are the limits?

- You are entitled to three special event increases.
- You can have one increase per year.
- No single increase can exceed \$250,000 for Life Cover and \$5,000 (or 50% of the current value) for Critical Illness Cover.
- The total of all increases cannot exceed 50% of your Life Cover.
- Where the special event relates to a mortgage, your increase in cover cannot exceed the amount by which your mortgage has increased.
- Following a special event increase, your cover with us cannot exceed a total of \$2.25 million across all your Life, Mortgage and Accidental Death Cover policies, with maximum cover amounts of \$1.5million for Life and/or Mortgage Cover, \$1million Accidental Death Cover and Total Permanent Disability Cover, and \$625,000 for Critical Illness Cover.
- If at any time you decrease your cover, the limits on increasing your cover for a special event will be recalculated on the new level of your cover.

increase your cover because you want to	<p>You can apply at any time to increase your cover; however, we don't have to approve the increase. We'll need the insured person* to complete a non-smoking declaration (which you can find on our website) before we can reduce your payments.</p>
environmental changes	<p>There may be circumstances in which we would need to apply a general increase to payments across all policies: for example, to offset against an increased cancer* trend or other environmental factors. If this occurs, we'll notify you at least 30 days ahead of any increase.</p>
law or tax changes	<p>We can increase your payments to cover any additional costs we incur if the law or tax regulations (or their interpretation) change. If this happens, we'll notify you at least 30 days ahead of any increase.</p>

Change the owner of your policy

Fold last and seal down

Only the current policy owner(s) can authorise this change of ownership. If there are more than 2 policy owners, you can print off and use as many of these forms as you need. If you want to add an owner and continue being one yourself, you will need to fill in your details as both a current and a new owner. To own this policy, you must be at least 18 years old. A Trust cannot own a policy but the Trustees can, provided that all the Trustees are owners. In this case, we'll need a copy of the Trust deed.

All the owners' signatures must be witnessed but owners cannot witness each other's signatures.
